Went evolution

board member
Creationism

Dover Lab

- Creationism / evolution
- parents of Dover school vs Buckingham (School board)
- Fish (transitional fossil)
 - Bias 1
 - Bush, Santorum, Judge Jones
 - Bias 2
 - book, 1 minute speech

Arguments

- 1) Not separation of church + state because is religion in disguise
- 2) Creationism is Intelligent Design

FD proponents said evolution had flaws. Transitional fossils provided that proof.

Case (parents) * (school board)
Kitzmiller v Dover area school district

Actors: Buckingham - ID
Parents - evolution
