DISTANCE EDUCATION

State Center Community College District has two different types of distance/distributed education. They are:

Online Courses

Online courses are distributed through the Internet, allowing for flexibility in time and place. You must have access to a computer and Internet to participate in an online class. Students who are most successful in taking online courses are self-motivated. Students need to be comfortable in communicating electronically rather than the verbal interaction that takes place in a traditional classroom.

Students can enroll for distance education classes at Fresno City College, Reedley College or North Centers (Willow International, Madera, Oakhurst). Registration takes place the same way as for traditional classes.

Videoconference Courses

Students taking these classes need to attend the class at a specified classroom location. Two-way interactive video conferencing allows for the distribution of live lectures and content through video-conferencing-equipped classrooms. These classrooms allow course instruction to occur through two-way audio and video interaction at connected sites.

The instructor provides live instruction in the originating classroom, and it appears via video and audio links to other campuses/centers/sites.

Student Success/Matriculation

Every student should have an educational goal, a reason for going to college. Matriculation is the process that allows the college and the student to form a partnership which helps you attain your goals. We ask you to commit yourself to an educational objective and we will commit ourselves to helping you succeed. The components of matriculation are as follows:

CHANGES IN THE SCHEDULE

This class schedule is subject to change without prior notice. The College reserves the right to cancel scheduled classes due to availability, or for other reasons.

Matriculation Exemptions

Certain students may be exempt from several components of matriculation including assessment, orientation, and counseling/advising.

A student may be exempt from participation in assessment if the student meets the following criteria:

- 1) The student has submitted evidence (e.g., official grade report or transcript) which provides verification of satisfactory completion of the college level prerequisite course; or
- 2) the student chooses not to participate.

A student may be exempt from participation in orientation and/or counseling/advising if the student meets two or more of the following criteria:

- 1) The student chooses not to participate;
- 2) the student has completed twelve or more transferable units;
- 3) the student has completed an associate degree or higher;
- 4) the student has certain educational goals:
 - a. to maintain a certificate or license;
 - b. personal development (intellectual, cultural); or
 - c. to complete credits for a high school diploma or G.E.D.

For a Matriculation Exemption form, contact the Counseling Office or Testing Center.

English/Math Placement Test

After submitting an application for admission, new students should schedule an appointment or testing date to take the English/Math placement test offered by Reedley College. The tests are designed to assist students in selecting college courses that match their current abilities. The placement tests are coordinated by the Testing Center. Test dates are offered at the main campus in Reedley, as well as at Community Campus sites. Please contact the Testing Center to schedule your test date at (559) 638-0366. A placement test schedule is also available in the Counseling Center or you may call (559) 638-0366 for times, dates, and locations. See Matriculation Exemptions above.

Prerequisites

Prerequisite courses must be completed with a "C" (2.0) grade or better prior to enrolling in the next level course. See course listing to determine whether a particular course has any prerequisites. A student may challenge a prerequisite under certain conditions (see "Prerequisites challenge procedures" on this page). Contact the Admissions and Records Office for the prerequisite challenge form and details on the conditions that apply.

- Students currently enrolled in courses that satisfy a prerequisite will be allowed to register in the next level course. However if a "C" grade or better is not achieved, students will be dropped from the higher level class.
- If you have met prerequisites through the assessment process or by completion of the required course, you may proceed to use the TouchTone telephone or online (WebAdvisor) registration system.
- If you believe that you have met the prerequisite through some other means (e.g. completion of the prerequisite course at another college), you must see a counselor BEFORE registration to obtain a prerequisite clearance. You must have your college and/or high school transcripts on file or in hand prior to seeing your counselor for prerequisite clearance. Once the prerequisite has been cleared, you may use the TouchTone telephone or online (WebAdvisor) registration system to register for the course(s).

Advising

Advising is available to all students. Results from placement tests may be used as part of the multi-criteria process to assist counselors in determining appropriate course placement. First-time, full-time, or degree-seeking students will be advised prior to registration. A student educational plan (SEP) will be partially developed at this time. The SEP will be reviewed and fully developed during the first semester of attendance. It is the student's responsibility to contact their counselor and schedule an appointment to complete their SEP.

Community Campus students may obtain advising on-site or may telephone for advising/counseling assistance on the main campus. Transfer and continuing students should contact the Counseling Center the month prior to registration for advising services.

Online advising is also available via the Reedley College website at www.reedleycollege.edu.

Prerequisite Challenge Procedures

A prerequisite challenge requires written documentation, explanation of alternative course work, background or abilities which adequately prepare the student for the course. A Prerequisite/Corequisite Challenge Form may be obtained from the Admissions and Records Office, and should be returned to the Admissions and Records Office. Reasons for filing a prerequisite/corequisite challenge may include one or more of the following:

- 1) A prerequisite/corequisite is not available.
- 2) The prerequisite/corequisite was met at another institution.
- 3) The student has the documented knowledge or ability to succeed in the course without meeting the prerequisite.
- 4) The student believes the prerequisite/corequisite is discriminatory or being applied in a discriminatory manner
- 5) The prerequisite is not necessary for success in the course.

Prerequisite challenge requests must be received **prior** to the first day of the term to which they apply.

Upon filing out the prerequisite challenge form, the student may enroll in the challenge class by presenting this form at registration. If the challenge is not upheld, the student will be dropped from the class.

Class "WAIT LIST" Requirements

When you are unable to find an open section of a course you wish to take, you have the option of being placed on a "WAIT LIST" for a specific section of that course. Please note that the following rules apply:

1. Students may add their name to any available "WAIT LIST" up to the last day of registration prior to the beginning of the term.
2. Students will be added to the "WAIT LIST" on a first-come, first-served basis.
3. Students cannot be placed on a "WAIT LIST" prior to their registration appointment date.
4. Students on a "WAIT LIST" will have first priority for any seats in a "full" class that may subsequently become available during the first 20% of the course PROVIDED that they attend each and every class meeting (for 18 week semester courses, this is the first 3 weeks of class).
5. "WAIT LIST" will be available only for current class sections that are "full" (that is, the class has reached its "maximum class size"). No "WAIT LISTS" will be available for "canceled" class sections or class sections that are not yet "full." Not all classes have wait lists.
6. Students cannot remain on a "WAIT LIST" for a section of a course that will cause a time conflict with a course section in which you are already enrolled. You will be dropped from the wait list.
7. Students cannot be placed on a "WAIT LIST" for a section of a course when you are already enrolled in another section of that same course.
8. Students cannot be on more than one "WAIT LIST" for the same course.
9. The Admissions and Records Office will regularly monitor all classes with existing "WAIT LISTS" for student drops. When an open space on the roster becomes available, the top student on the wait list will be moved into the class and notified either by letter or telephone of this action. We will regularly monitor wait lists up until 3 days prior to the beginning of the term. Students who are added to a "WAIT LIST" during the last 3 days prior to the beginning of the term, along with other students still remaining on the "WAIT LIST," will be informed of their status at the first class meeting.
10. On the first-day of class, instructors will determine the number of openings available in the class, and then offer spaces to students who are on the "WAIT LIST" (providing they are present in the class) in the order in which their names appear on the list. The student is responsible for officially adding the class within published registration dates. Students have until the Friday of the week in which they are added to the class to pay all fees.
11. After the "WAIT LIST" for the class is exhausted, additional openings, if any, will be filled by the instructor in accordance with existing college and district policy.

Continuing Student Registration

Continuing students may register beginning March 11, 2011, by completing the following steps:

- See the registration information on page 88 of this schedule.
- Take the registration form and meet with a counselor or advisor for program planning assistance. After your meeting, the counselor will sign your registration form.
- Register on WebAdvisor (www.reedleycollege.edu), by TouchTone Registraion (1-877-246-7222), or at a designated location. The registration form must be signed by a counselor if a student is on academic/progress probation.

In person . . .

Community Campus students Register on WebAdvisor (www.reedleycollege.edu), by TouchTone Registraion (1-877-246-7222) or at their Community Campus office. The offices are staffed on the evenings that classes are in session.

Late Registration

The last day to register and/or add or drop classes for FALL 2011 full-length classes is September 2, 2011.

During the first three weeks of instruction, the Admissions Office hours are Monday through Thursday 7:30 a.m. to 7:00 p.m., Fridays 7:30 a.m. to 5:00 p.m. Hours will change to Monday through Thursday 7:30 a.m. to 6:00 p.m. and Fridays 7:30 a.m. to 5:00 p.m. the remainder of the semester.

Late registration for some off-campus classes will take place in the Community Campus offices for two weeks after the beginning of class. However, early registration is encouraged as class size is limited.

Proxy Registration

The federal Family Education Rights and Privacy Act makes it illegal for the college to release a student's confidential educational records, including registration information, to anyone without the written permission of the student. Therefore, if you are unable to register for yourself, you may either register at a later date or have someone else substitute for you provided the following procedure is observed.

YOUR PROXY must have a written statement signed by you authorizing him/her to register on your behalf. Proxy registration forms are on the bottom portion of the registration permit form. It is necessary that your authorization be made on the form provided by the college; however, if you prepare your own statement, it must contain certain specific information. Contact the Admissions and Records Office for details at (559) 638-0323.

YOUR PROXY should also have your registration permit, a list of classes you wish to take (including several alternatives) and sufficient funds to pay the necessary fees listed under Enrollment Fees on pages 102.

Accuracy of Student's Schedule

As of Spring 2002, Reedley College no longer keeps your registration forms on file. Once your transaction has been processed and completed, all of your documents will be returned to you.

It is your responsibility to keep all registration materials in a safe place and to bring them with you if you have a question or concern about your schedule. We will be unable to help you without your documents.

Please be sure to:

1. Double-check all the information on your class schedule before you leave the registration area.
2. Make sure that your materials have been date-stamped and initialed by an Admissions and Records staff member.

ACADEMIC REGULATIONS

Attendance

Students are expected to attend all class meetings for which they are enrolled. Excessive absences may result in the student being dropped from his/her class.

It is the student's responsibility to ensure that he/she is dropped from the class

Students who do not attend the first class meeting of the semester may be dropped by the instructor. However, to assure no grade penalty for the course, a program change form must be turned in to the Admissions Office within the appropriate time frame. **Students on a WAIT LIST must attend the first class meeting to ensure instructor permission to add the class is obtained.**

Instructional Minutes Per Hour and Class Break Time

For classes lasting longer than 90 minutes on a given day, the instructor must provide a ten-minute break after the first 100 minutes, and may schedule additional break time amounting to ten minutes per each additional hour thereafter.

Application for Graduation/Certificate of Achievement

Students who are planning to receive their Associate Degree, or a Certificate of Achievement, must file an application for the degree or the certificate in the Admissions and Records Office. Students must complete a minimum of 30 units prior to applying for graduation. The deadline to apply for the annual spring commencement ceremony is in March 2012. The application must be signed by a counselor.

Pass/No-Pass Grading

Most courses are offered on a pass/no-pass grading basis or the traditional grading basis. This option is not recommended for courses in one's major. To change a class to or from the pass/no-pass grading basis, the student must complete the pass/no-pass line-item on the program change form. Program change forms are available in the Admissions Office. The deadline to change a class to/from pass/no-pass grading basis is no later than 30% of the class length. For full length classes, this is the end of the fifth week of instruction. Please see the Admissions and Records Office for classes with class lengths less than 15 weeks for the appropriate deadline.

A maximum of 15 units of baccalaureate level courses may be taken on a pass/no-pass basis. These units will be allowed toward an AA or AS degree. Units taken as pass/no-pass will not be used when determining a student's grade point average. Students planning to transfer to a four-year college or university should be aware of the policy of that institution regarding transferability of courses with pass/no-pass grading.

Dropping a Class

(Deadline: September 2, 2011 for the FALL 2011 full-term classes)

It is the student's responsibility to officially drop a class in which he/she no longer wishes to be enrolled. The last day to drop a class is the 50% completion point of the class. The exact date is available from your class instructor. Courses may not be dropped after this date, unless there are extenuating circumstances as approved by the Admissions and Records Office Manager. Any course carried past the ninth week (50% point), will receive a letter grade.

To withdraw from a class, a student may drop online by logging onto the WebAdvisor at www.reedleycollege.edu and click on the WebAdvisor link. Check TouchTone dates for dropping by telephone. A student may also complete a program change form and return it to the Admission Office for processing. There will be no grade entered on a student's record for drops occurring prior to 20% of the course length. A grade of "W" will be entered on the student's record for drops occurring between the 20% and 50% point of the course length.

Graduation Requirements

Graduation requirements for an Associate Degree from Reedley College may be found in the college catalog, in the Counseling Office and on page 110.

It is the responsibility of the student to consult a counselor regarding the proper sequence in which courses should be taken to satisfy degree and graduation requirements.

Pre- and Co-Requisites

Board Policy 5202(a) permits students to challenge pre- and co-requisites. Information and forms regarding the prerequisite challenge procedure may be obtained from the Admissions and Records Office.

Transcript Requests

Students may request transcripts online at www.reedleycollege.edu, Online Forms. All students are entitled to two free lifetime copies of their transcripts; additional copies are \$5 each and must be paid for in advance. Official transcripts will be mailed directly to the designated recipient(s). Be sure the name and address of the recipient(s) is accurate and complete.

Transfer Requirements

With careful planning, a student can complete their freshman and sophomore course work at Reedley College and be eligible to transfer to a four-year college or university. Students are advised to become familiar with the current catalog of the college to which they plan to transfer. It is also recommended that students work closely with their counselor in order to fulfill transfer requirements to the college of their choice. Additional transfer information may be found in the Reedley College catalog or in the Transfer Center.

Final Grade Reports

As of the Spring 2003 semester, report cards will no longer be mailed to you. To view your grades online, please log on to WebAdvisor or call the TouchTone telephone system at 1-877-246-7222. If you wish to have your grades mailed, please request your grade report online at www.reedleycollege.edu, Online Forms.

FINANCIAL ASSISTANCE

Students in need of financial assistance to help cover their educational expenses may apply for Federal, State, and Scholarship funds. Application forms are available online at www.fafsa.gov.

Enrollment Fee Waivers

All California residents may apply for a Board of Governors Fee Waiver (commonly known as a BOG or fee waiver) to cover enrollment fees. To be considered for a fee waiver, you must be a California resident as determined by the Admissions and Records Office.

There are two ways to apply for an enrollment fee waiver:

1. Fill out the Free Application for Federal Student Aid (FAFSA) online at www.fafsa.gov and list Reedley College's federal school code (001308) on your application. Students who list Reedley College's school code on their FAFSA will automatically be reviewed for fee waiver eligibility. We encourage students to fill out the FAFSA because the application will be processed for federal and state funds with one application.
2. If you have not completed a FAFSA, you may submit a Board of Governors Fee Waiver (BOG) application. We recommend that you complete the FAFSA because the fee waiver only application does not help cover books, supplies, or other college expenses.

Federal Financial Assistance

To apply for federal financial assistance, the Department of Education requires that each applicant fill out a FAFSA and provide any documents requested by the Financial Aid Office. Federal financial assistance includes:

- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (SEOG)
- Federal Work Study
- Federal Direct Student Loans

Federal awards are between \$200 and \$2,775 a semester. After you submit your FAFSA and turn in all requested documents, the Financial Aid Office will notify you of your eligibility.

Withdrawing from School or Dropping Class(es)

Any federal financial aid recipient who withdraws from some or all of their classes may owe back funds if they drop before 60% of the semester is over. All federal financial aid recipients are reviewed for dropping class(es) and/or receiving all unsatisfactory grades. If you are considering dropping all or some of your classes and you have received federal financial aid, you should consult with the Financial Aid Office to see if you will owe back monies.

State Financial Assistance

The California Student Aid Commission (CSAC) offers qualified California residents competitive and entitlement grants through the Cal Grant program. To apply for a Cal Grant, students must fill out the FAFSA and a Cal Grant GPA Verification Form by the deadline dates. The deadline dates for the Cal Grant programs ONLY are March 2 for entitlement grants and September 2 for competitive grants. Reedley College submits GPAs electronically for current students who meet certain eligibility criteria. For additional Cal Grant information, go to www.calgrants.org. If you are a current student and want to know if your GPA will be electronically certified by Reedley College, contact the Financial Aid Office.

Scholarships

Reedley College offers many scholarship awards throughout the year based on academic excellence, leadership, community service, and programs of study. Scholarship funds are donated by the Reedley College Foundation, State Center Community College Foundation, Reedley College alumni, private companies, and other organizations. Awards range from \$100 to \$1,000.

The Reedley College Scholarship Application, which is one application for over 150 scholarships, is available from February to May. You may apply online at www.reedleycollege.edu.

BEWARE OF SCHOLARSHIP SCAMS! Legitimate scholarship foundations will not charge application fees or guarantee scholarships. Contact the Financial Aid Office if you have any questions or need more information about a specific scholarship.

Important Information and Reminders

- ✓ Fee waivers do not cover the \$17 health fee, or the \$1 ASB Representation Fee; each student is responsible for paying these fees.

- ✓ When applying for financial aid and/or a fee waiver, read all instructions carefully.
- ✓ Check for submission deadline dates and class drop-dates.
- ✓ Submit all requested documents and forms to the Financial Aid Office as soon as possible.

CAMPUS POLICIES

Cheating and Plagiarism

Students at Reedley College are entitled to the best education that the college can make available to them, and they, their instructors, and their fellow students share the responsibility to ensure that this education is honestly attained. Because cheating, plagiarism, and collusion in dishonest activities erode the integrity of the college, each student is expected to exert an entirely honest effort in all academic endeavors. Academic dishonesty in any form is a very serious offense and will incur serious consequences.

Cheating is the act or attempted act of taking an examination or performing an assigned, evaluated task in a fraudulent or deceptive manner, such as having improper access to answers, in an attempt to gain an unearned academic advantage. Cheating may include, but is not limited to, copying from another's work, supplying one's work to another, giving or receiving copies of examinations without an instructor's permission, using or displaying notes or devices inappropriate to the conditions of the examination, allowing someone other than the officially enrolled student to represent the student, or failing to disclose research results completely.

Plagiarism is a specific form of cheating: the use of another's words or ideas without identifying them as such or giving credit to the source. Plagiarism may include, but is not limited to, failing to provide complete citations and references for all work that draws on the ideas, words, or work of others, failing to identify contributors to work done in collaboration, submitting duplicated work to be evaluated in different courses without the knowledge and consent of the instructors involved, or failing to observe computer security systems and software copyrights.

Incidents of cheating and plagiarism may result in any of a variety of sanctions and penalties, which may range from a failing grade on the particular examination, paper, project, or assignment in question to a failing grade in the course, at the discretion of the instructor and depending on the severity and frequency of the incidents. For more information, contact the Vice President of Student Services' Office or the Vice President of Instruction's Office.

Drug- and Alcohol-Free Campus

Reedley College is committed to maintaining a drug- and alcohol-free campus. To that end, the college prohibits the unlawful manufacture, distribution, dispensing, possession, or use of controlled substances (as defined in Schedules I through V of the Controlled Substances Act {21U.S.C812} and as further defined by Regulations 21 CFR 1308.15 in the workplace). Behavior which violates this policy will be subject to disciplinary action in accordance with campus policies and regulations (BP 5410). Persons who seek information and/or resolution of alleged violations are directed to the Vice President of Student Services in the Student Services Building. (559) 638-3641, ext. 3217, or campus police, ext. 3330.

Family Educational Rights & Privacy Act

The Family Education Rights and Privacy Act (FERPA) outlines certain rights students have concerning access to and release of their educational records. Copies of District Administration Regulations implementing this act may be obtained from the Admissions and Records Office. Each student is encouraged to obtain a copy.

The act ensures that the students will have access to their educational records and that the college will not release their records to anyone, including any parents, who is not designated by the student to receive them, except as provided by the law itself.

The law authorizes the release of directory information in the absence of student objection. Directory information includes: name, address, date and place of birth, major field of study, current class schedule, participation in activities, dates of attendance, degrees and awards received, and last institution attended. Objection, if any, to the release of this information may be made at the time the student applies for admission or at registration (see [Application for Admission](#) p.4, item #31).

Grievance Policy for Students

Any complaint concerning an alleged unauthorized or unjustified act or decision by any staff member which adversely affects the grades, status, rights, or privileges of a student is the concern of the Reedley College administration.

A student should see the following people if the concern is an [academic matter](#):

1. Instructor
2. Dean of Instruction
3. Petition Academic Standards Committee (obtain petition form from Admissions and Records)

A student should see the following people if the concern is a [non-academic matter](#):

IGETC INFORMATION

- The IGETC is a general education program that California Community College students can use to fulfill lower division general education requirements for any CSU or UC campus and many California private colleges/universities.
- The IGETC provides an alternative to the General Education-Breadth requirements for CSU, UC, and many California private colleges/universities.
- The IGETC is NOT an admission requirement for the CSU or UC nor does completion of the IGETC guarantee admission to the campus or program of choice.
- All areas of the IGETC must be completed to be certified by the community college and must be completed prior to transfer to a CSU or UC. In some circumstances, a student may make up two missing IGETC course requirements after transferring to a university. See a counselor regarding the certification process.
- To be certified all courses must be completed with a grade of "C" or better.
- A grade of "CR" (credit) or "P" (pass) may be used if the grading policy of the community college states that "CR" or "P" is equivalent to a grade of "C" or better. The UC will allow no more than 14 semester units taken CR/P toward UC eligibility or IGETC. The CSU campuses vary on the number of units they allow. Please check each college's catalog or see a counselor for more information.
- Courses may be used only once to satisfy one subject area even if they are listed in more than one subject area.
- Advanced Placement (AP) tests completed with a score of 3, 4, or 5 may be applied to the IGETC as long as the community college recognizes the AP exam to be equivalent to its IGETC approved courses. One AP exam may be used to clear only one course requirement. (Example: AP English Comp and Literature may be used to satisfy ENGL 1A or 1B NOT both).
- All IGETC coursework does not have to be completed at the same college. Courses taken at more than one California Community College may be used to fulfill the IGETC. Note, however, that courses applicable to IGETC may vary from college to college.
- Additional information regarding the acceptance of IGETC at specific colleges in each UC is available in the UC Answers for Transfers booklet in the Transfer Center or online at <http://www.universityofcalifornia.edu/admissions>
- The IGETC is not a good option for students intending to transfer into high unit majors, such as Engineering or the Sciences, that require extensive lower division preparation.
- Please see a counselor to make sure that the IGETC is appropriate for your use or if you have any other questions regarding the IGETC.

This information is subject to change.

DAY CLASSES

1. If your class does not start on the hour, please assume that it starts at the beginning of the hour in order to determine on which day and at what time your final exam will be. (For example: If you have a 9:30 a.m. Tuesday/Thursday class, your class will then fall into group 9:00 B.)
2. Classes which meet two days a week and which have different starting times for those two days will have a final exam determined by the first class meeting of the week. (For example: A class which meets at 9 a.m. on Monday and 10 a.m. on Wednesday will fall into group 9:00 A.)
3. Examinations calling for special arrangements and/or approved makeup exams must be scheduled through the class instructor. Final examinations not adhering to this schedule may be made by the instructor and are subject to approval by the division dean.
4. Students who have three final examinations scheduled on the same day may seek to have one final exam moved to another day by contacting the individual instructors BEFORE the start of the final exam week.

EXTENDED DAY

(Classes beginning at or after 4:30 p.m. and Saturday classes.)

1. Final exams will be given during the final exam week using the above schedule.
 2. Classes which meet more than once during a week will meet only once during the final exam week, with the class meeting devoted to the final examination. Unless approved by the division dean, such classes will meet on the first normally scheduled night.
- NOTE: Instructors must submit their final grades in the Student Services Building, no later than noon on Monday, December 19, 2011.
- * Open periods are for final exam conflicts, makeup exams, and exam by special arrangement.
 - ** Classes falling into these groups are possibly in conflict with other classes. If so, the other classes have priority for the rooms. The instructor will choose an open period for the final exam.
 - § For night classes, the instructor should begin the final exam at the time the class usually begins.
